

Customer Review : Peter Robertson Stained Glass Works, Toowoomba

Consignment - 3 Stained Glass Windows

I have much pleasure in recommending Peter Robertson as a Stained Glass artisan.

We required 2 panels for casement windows that were a direct match for significant existing windows in an old Queenslander home. I also required an existing stained glass window to have a matching window made for a connecting room, but made with clear glasses rather than colour. The third piece was designed by Peter to take in and compliment the design and colours of two adjacent windows, to replace an existing door panel that did not match the windows well.

All three pieces were created and exceeded expectations. They were done in a very timely manner. Peter was a delight to work with and has a very keen eye for colour, and design. He was a delight to work with and we would highly recommend his work.
